SUPPLEMENTAL RESPONSE UNDER 37 C.F.R. 1.111

Sir:

This is in reply to the Office Action mailed May 21, 2008 indicating that Applicant's Amendment submitted on February 27, 2008 in response to the Office action of November 27, 2007 did not comply with 37 C.F.R. 1.121 claim submission requirements. Applicant submits herewith Supplemental Amendment, which includes a claim set, which is believed to satisfy 37 C.F.R. 121, and which also repeats the substantive remarks set forth in the Amendment submitted February 27, 2008.

Consideration in light of the following is respectfully requested.
